

MODEL: RCS-20001-01
 RCS-20003-01

Transit Hydroxyl Generator

Designed for easy installation, using 12/24V power with a built-in inverter, the Radical unit disperses Hydroxyl Radicals, eradicating pathogens and odours throughout all areas of a vehicle, coach, bus, train carriage and connects to the can-bus for communication and monitoring. Creating an “immune system for the environment”.™ Tested to satisfy the space of a standard "C" size bus/coach.

Dimensions:	28" x 12.5" x 9.5"
Weight:	20 lbs, 9kg
Input Voltage:	9-16VDC or 18-32VDC
Input Current:	< 6 A
Control:	Dashboard switch and CAN J1939
Material:	Aluminum
Finish:	Gray powder coat
Noise Level:	< 65dB
Certification:	DOT
No. of Optics:	2
Fan Rating:	300 CFM

RCS Hydroxyl Generator Systems

RCS Hydroxyl Generator Systems are designed to neutralize and destroy virus everywhere safely and effectively.

Purify-Sanitize the Air We Breathe

NEUTRALIZES UP TO

99.9999%
of Tested Virus

Corona Virus
